I just wanted to share some feedback about our delivery driver. He's honestly the politest gentleman I've ever met. Always pleasant and always smiling. He's doing an awesome job.

Just have to say I love that I don't have to worry about a minimum order amount. I had called customer service today because I wasn't able to find two items I was looking for and the person I spoke with was awesome. The customer service representatives are so nice to work with. Love it!
